

15-4016-A

Di-pole, LTE (4G/ 3G) and WiFi (2.4 GHz) Antenna

- Covers LTE Bands 2 / 4 / 5 / 12
- 2.4 GHz WiFi
- SMA Male Connector
- UV Resistant ABS Plastic housing

Product Details

The 15-4016-A is a di-pole, omni-directional antenna that covers bands (2/ 4/ 5/ 12) 4G/3G LTE and (2.4 GHz) WiFi. This antenna has a broadbanded performance from edge to edge with a low VSWR. The housing is built using a UV resistant ABS plastic and made to withstand the outdoors. Available in different termination connectors upon request.
