

16-7040-B

2-in-1 MiMo Antenna

- (2) 5.8 GHz Antennas
- IP67 Water and Dust Migration Protection
- 3/4" Straight Pipe, 14 NPT Bolt
- High Performance Low-Loss RG174 Cable
- SMA Male Connectors
- UV Resistant Housing

Product Details

The 16-7040-A is a "multiple-input, multiple-output" (MiMo) omni-directional, external antenna with a 3/4" straight pipe to 14 NPT adaptor. This antenna combines two separate DSRC antennas into one enclosure with 6ft of low-loss RG174 cable. The enclosure is designed to meet IP67 with protection from water and dust migration.
